HOW TO CREATE A BLOG FOR FREE AND MAKE MONEY?

You want to start your blogging career without any investment, you are at the right place. Here I will guide how to create a blog for free and make money from that blog.

I will suggest you to start your blog from free blogging sites and here are their names:

●**WORDPRESS:** Best place to make your blog free. This site is a kind of free blogging site. You need to build your site by yourself and also have to host your site yourself.

You will have full control over your site as you are hosting your site as well as how you can make money from your site.

- **WIX:** It is a very handy website builder which is managed from the front-end. Best feature of this site is that you have the following drag and drop option so no need to handle anything in the back-end.

You will get free hosting as well so you just need to arrange the layouts, pick a template and ready to use.

It has many free and premium themes and templates. You can use elements, multimedia widgets and many more functions. Once you think your site is ready, publish and start your blogging career.

- **MEDIUM:** it is a multipurpose platform where anyone can write after making an account. As compared to other sites, Medium is exposed to your articles with a wide range audience.

It is simple and easy to use, you just need to sign up and start writing. This platform is really big as more than 60 million readers visit this site every day.

- **BLOGGER:** it is a very popular and oldest free site for personal blogging. You just need to create an account and pick one of the default themes and you can pen down your thoughts.

Blogger has a simple appearance, provides lots of themes with different skins, advanced color filtering and various widgets.

More options are:

- TUMBLR
- JOOMLA
- JIMDO
- GHOST
- WEEBLY

With these sites you can make free websites as well as you can earn from these sites. Just need focus and patience because it's not an easy task to do and start earning with 1st articles. Do your job properly and see the result for a minimum of six months.

How to start blogging on youtube?

YouTube is the most popular social media platform. Its popularity is increasing day by day. Even in a global pandemic the interest of blogging on YouTube has increased along with that competition has grown a lot so do audiences.

In this article I will guide you that will help you grow as blogger on YouTube

1. PREPARE YOURSELF: Your first move to target your potential group, research and understand what will your channel deliver to the future audience.

This will help you adjust your content accordingly and without time loss you can focus on your task.

Pay special attention to the comment section and avoid negativity that comes from inexperienced bloggers.

2. KEYWORD RESEARCH: For smooth and swift growth finding and adding proper keywords are necessary. Keywords help your potential audience to find your content easily.

If you find it difficult to where to put keywords here is examples:

- In your video titles and descriptions
- In your channel information
- Channel tags section

3. WORK ON BRANDING: Your profile should look professional which helps to attract audiences. You should create your brand through these hooks:

- Color scheme tell your channel recognition
- Logo will your brand identification
- Stylish details

4. STICK TO YOUR NICHE: Don't change your niche frequently when you are not able to attract an audience, this will lead to delay in your goal.

Niche can't be based on your audience choice. It should be your choice of work where you will give your full efforts.

It will harm your reputation also and you may lose trust of your audiences.

5. **WORK ON YOUR SPEECH:** Speaking skill will also attract your potential audiences. Deliver your speech in a clear and pleasant way.
